📍 Thrissur, India

Innovative, optimum solution seeker. Excited to be at the deployment phase of my new career as a Web Developer. Proficient in fundamental front-end and server-side tools, with hands-on experience in taking charge of front and back-end web development. Skilled in creating servers and databases with respect to functionality, design and development of API's.

Technical Skills

Javascript | HTML | CSS | React | Redux

Data Structures | Algorithms | Mongo DB

Certificates

Full Stack Web Development (Java Script HTML CSS
React Redux Data Structures Algorithms Mongo DB)
